With the building overlooking Shrimptons Creek Riparian Corridor, the precinct extends these natural surrounds by offering over 7,000 square meters of landscaped communal gardens. NATURA takes into careful consideration the site's surrounding ecological context, its proximity to the riparian zone and delivers a contextual built form that responds to the site and the evolving future character of Macquarie Park. Offering four floors of amenities, including a private reading area, outdoor dining and entertaining area, swimming pool with spa, gym, yoga space, and edible Wellness Garden there is always something to do. A shared pedestrian and cycle path along the northern alignment also provides connectivity with surrounding services and amenities.
